

Latte Machiatto

Beitrag von „salvatore“ vom 8. Juni 2007 um 16:07

Hello Haiti!

One of our former Touareg-drivers switched to a Passat in latte macchiato. Different car, but I would say very likely the same colour. He posted some pix over here, but after "searching-and-not-finding-within-2-minutes" I'll leave it up to you. 😄

Just send a pn to agroetsch (see user list) - I'm sure he's able to help.
