

Latte Machiatto

Beitrag von „boutrosa“ vom 9. Juni 2007 um 19:43

Personally, I like the color of the touareg interior from the konfiguator much more than the interior of the passat. I also like the chocolate brown even though its very dark. I finally ordered the Macchiatto with exterior white, and vavona wood

I will be sure to post pictures when I receive the car.

Thanks
Everyone.
