

Order 1 V6 TDI in Germany

Beitrag von „Stef“ vom 19. Oktober 2004 um 18:30

Hello,

Also in Belgium "should" it be possible to order the V6TDI.

The only problem for the moment is that they can't give any delivery time yet.

For me the difference in price between the R5 and V6 isn't worth the money and I went for the R5.

Stef.
