

Question for a Thule bike rack

Beitrag von „juma“ vom 9. Januar 2009 um 16:08

Hi Javier,

welcome to the forum! 

I use a bike carrier, but one on the trailer hitch, so that's nothing for your car.

But there are carriers like the one you need: [Paulchen](#)

For 3 bikes, it's about 460,- EUR

But I think, there are other users who will help you with your problem, too...
