

Chrom - Trimmline

Beitrag von „jonee“ vom 26. Januar 2005 um 13:05

Sorry for the language, but I don't fully understand everything that was said in this topic.

I also like to order the chrome trim.

How much does it cost (including sending it to Belgium) and how can I order it?

And is it difficult to install (because I'm not that handy)?

thanks,
Frederik
