

Touareg Dead Pedals

Beitrag von „dschlei“ vom 3. März 2005 um 20:31

Ich habe gerade diese Nachricht an Spockcat rausgeschickt:

Hi Spock

International Touareg Freunde asked me to contact you and see, whether you would be willing to sell your Toaureg Dead Pedal modification for a special group purchase price. Currently we have 18 members interessted in these chrome dead pedals.

Would you please be so kind and let me know whether you consider a special price for us, and what that price would be.

Thank you and have a great day!
