Hi Scottie

just go ahead and write in english. I believe there are a lot of Touareg friends capable to help you. I don't quite know what you mean with "side steps". Could it be a steel rim alongside (underneath) the doors, to step on ?

Please advice

thanks for reply.

Phew good English.

you are correct that is what I am after but do not want just stainless steel tube like Cobras etc

was looking for something more like the Porsche Cayanne steps but more integrated.

oh and how do I reply without quoting a previous post.

Thanks

Allan.
