Hallo Leute, die folgende Anfrage ist gerade rausgegangen!

Good evening!

I am the US side member of a German car club (Touareg Freunde EV), and I was asked by several members to check with you wheter you would be willing to give special pricing and shipping (to Germany) for a group buy of the Ccaps. As of currently, we would be interessted in 20 sets, but the list is only open since late this afternoon. Beacue of this, the desired amount may rise quite a bit higher. The shipping of the entire purchase would need to be made to one single receuver in Germany who would arrange distribution inside the country. I would pay from here with pay pal for the entire order.

Please advise whether you would be interessted in such a deal and what the conditions would be.

Thank you for your kind consideration and have a great day!
