Hallo Spockcat,
ich habe keine Ahnung wo es diese Einsätze geben könnte!
Wo ist das Foto gemacht?

Gruß

The photo is of a Phaeton center console with what appears to be aluminum tubes that fit the correct diameter of the cupholders. The tubes go all the way to the bottom of the cupholders and perhaps 4 to 5 cm above the cupholders. The photo was taken by a Phaeton owner from Canada while he was in Germany.

Something like this would be great for the Touareg but you would need 2 different sizes. I have searched for the proper sized aluminum tubes but haven't found anything yet.
