

# TV / DVD während der Fahrt

Beitrag von „Thanandon“ vom 21. Juli 2004 um 07:17

Hi Spockcat,

Not yet. Waht we know for sure is that one has to change the software of the nav unit. This can be done simply by cd. I have sent out (again!!!) a few letters to tuners etc, but until today nothing new yet. They all say it's coming soon, but noone knows when. 

Guess we have to keep waitin'.....
