Interessant im Übrigen dass der Akku des 60GB angeblich länger haöt als beim 30er...!

das behauptet zumindest Apple:

Playback time (30GB model)

Music playback time: Up to 14 hours when fully charged

Photo slideshow with music viewing time: Up to 3 hours when fully charged

Video playback time: Up to 2 hours when fully charged

Playback time (60GB model)

Music playback time: Up to 20 hours when fully charged

Photo slideshow with music viewing time: Up to 4 hours when fully charged

Video playback time: Up to 3 hours when fully charged
