

VW Individual Design Package

Beitrag von „jonee“ vom 2. April 2006 um 19:25

I understand German, but I'm not very good (at all) at writing it.

I ordered my V6 TDI with the VW Individual design package but I can't choose between silver or black.

Does anyone have pictures of a silver or black T with the VW Individual Design Package?

Thanks in advance.

(feel free to reply in german)
