Also, ich bin mal so frei und übersetze mal den Text von Jonee.

Jonee sucht die Paddels als Ersatzteil, daher die frage nach der Ersatzteilseite von VW, die Teilenummern scheint er ja zu haben.

Super,
danke schön!

FrankS, I already spoke Spockcat about the paddles, he gave me the part nbrs just because I thought it would be easier to order them in Europe, rather than have him import them to the US before sending them back to Belgium. The cable is made by him, so i would need that in any case.

I asked my dealer (i believe you guys call him 😊) the price of the parts, and this is the quote i got:

3D0953543B01C (2 paddles): 147,82€ + 21% tax

7L6858339B75R (2 trim pcs): 4,42€ + 21 % tax

(if anyone has cheaper prices, tell me)
