Beitrag von „jms admin“ vom 6. September 2006 um 07:00

Excuse me but I only speak french or english, sorry 😊

I have a 2005 V6TDI in 19" Atheo wheels and I want to low it with Eibach federn (-30mm).
Is somebody already did that on his Touareg ?
If yes can you show me some pics ?

Thank you 😊
