

Werbekampagne für neuen Volkswagen Touareg

Beitrag von „Thanandon“ vom 10. Dezember 2006 um 10:43

A truly wunderbar VW shoot

The 4 day shoot involved Bison in Cochrane, helicopters in Drumheller, dinosaur bones near Brooks, and a whole lot of steak. Have a look at the pictures here. Dan Landin was the most excellent DP. Fergus Brown produced with his usual Scottish extravagance. The extremely nice Anne Hoffman produced for Grabarz. And the Calgary crew were their usual wonderfulness. Please come back, everyone, it was one of the nicest shoots ever.
