Hi all,

I´am considering a roof tent for the next trip to Iceland with my T-reg, anybody having one?, any mounting details? Any North European dealers? (found one in UK).

Anybody with some insights please let my hear from you - Thanks

Hi Peter,

look here: [click](#)

just go to the pictures... 

There is an "original" roof tent for the Touareg "Expedition" former distributed by Volkswagen which is made near Munic: [click](#)

Sometimes there are some of them on ebay...
