

Facelift Do You Like ?

Beitrag von „V6TDI@240“ vom 17. November 2007 um 15:35

I owned a Touareg and I look for a Touareg again and definitively i don't like the new front grill and headlights, i don't buy the Touareg because of it.

The previous model look "strong" and "serious" the new look glitz.

What do you think in Germany about this facelift ?

Hello V6TDI@240,

first of all: welcome to our forum. I like them both, my thirst Touareg was a V8 old model and now its a facelift with V6TDI machine.

Many regards, Stephan
